Ravnit Kaur
**THE MAKER OF
PLUS ONE**

Ravnit Kaur, a goal digger and the founder of Plus One, realized her passion for interior designing 23 years back, when her father assigned her the first project. Best known for skill to convert a space into one-of-its kind masterpiece, she underwent rigorous training, mentored by her father Mr. G S Arora as site supervisor, purchase manager and designer.

In the year 2007, she incepted Plus One. In the course of eight years, she has completed 80+ core residential projects, which ranges from 100 sq. ft. to 5000 sq. ft.

Abided by the philosophy, "Anything that gets your blood going is probably worth doing." She has shoveled her way to success.

AN INSIGHT TO PLUS ONE INTERIORS

At, Plus One Interiors, we design environments that reflect the ever evolving ways the world adapts. Each design is crafted in an appropriate interpretation of the occupant's culture and lifestyle.

Unlike others, at Plus One Interiors, the client's stay assured that there won't be round ups of inches into sq.ft.s. Latest interior trends, well complimented by a moderate fee structure, in-time delivery and transparent costing sheet makes us a the most preferred choice amongst our clients.

Our in-house furniture workshop enable us to complete the projects in-time. For instance, we often complete 3 BHK project in 3 month's time, along with elaborate civil work and structural changes.

Apart from residential projects, we have designed and manufactured volvo sized vans for Victory Vans, used by almost all celebrities.

Speaking about our credentials, five of our projects are covered by leading interior design magazines.
